To whom it may concern,

As the Director of the Oakbrook Montessori School, I have come to know Dilip Desai and Kids Kab through the need of transportation for our students. I was introduced to Kids Kab by our sister school Downers Grove Montessori. We contracted Kids Kab to transport our students to and from swimming lessons held at the Westmont High School. We now use them for field trips as well. I have come to know Dilip Desai as to be of good character and a very dependable person. I have known Dilip for several months and have been very impressed with the prompt service of his Kids Kab company. I feel many different types of organizations could surely benefit by using the Kids Kab service.

If I can be of any further assistance, please feel free to contact me at 708-512-0367 or 708-268-9439.

Sincerely,

Janice Lekki
