July 23, 2009

To Whom It May Concern:

For over fifteen years, parents have used Kids Kab to transport students to and from our Program. I have not received one complaint from any of these families. Dilip Desai and his employees treat the children as their own, making sure every child is safely transported. For these reasons I never hesitate to refer families who need transportation for their children to Kids Kab.

Sincerely,

David A. Dundek, Director  
The Avery Coonley School Summer Program
